**DIVISION OF SPORT SCIENCE
ICANDELO LENZULULWAZI YEZEMIDLALO
AFDELING SPORTWETENSKAP**

The Division of Sport Science in the Department of Exercise, Sport and Lifestyle Medicine, Stellenbosch University is welcoming applications for a post-doctoral position for 2023. The Division of Sport Science consists of experienced researchers focusing on sport and exercise science, exercise medicine, physical education and sport social studies.

Scope of the research: We are seeking a post-doctoral fellow to work on the historical origins and philosophy of exercise science in South Africa. A major part of this research involves the dissecting of Ernst Jokl's Buckston Browne Prize Essay: The Evaluation of Methods of Physical Education and the Best Scheme for General Application.

Requirements: Requirements are a PhD in Social Sciences or Humanities (History; Philosophy, Sociology, Anthropology, or any related field) or any Exercise Science related field within the last 5 years.

Application closing date: 2 December 2022

Commencement date: 1 February 2023

Enquiries: Dr Francois Cleophas (fcleophas@sun.ac.za)

The positions are available for an initial period of 1 year but can be extended to two years. The salary is based on the current post-doctoral bursary scales of Stellenbosch University and is enough to provide accommodation and daily subsistence. Interested parties should send a Curriculum Vitae (including the names and contact details of 3 references) together with a cover letter stating the experience related to the project of interest to Ms M Hassen (mhassen@sun.ac.za) no later than 2 December 2022.
